Upcoming 2007 Wild Horse Adoption Events in Nevada

June 2, **2007** -- **Next Saddle-Trained Horse Adoption**, Warm Springs Correctional Center. Contact: Susie Stokke, (775) 861-6469.

June 2, 2007 -- Satellite Adoption in Elko, Nevada at the Spring Creek Horse Palace. Contact: Bryan Fuell, (775) 753-0314.

August 17-19, 2007 -- Western States Wild Horse and Burro Expo and Adoption, Reno Livestock Events Center. Contact: Cathy Barcomb, 849-3625.

Frequently Asked Questions

Why can't I where blue jeans to the Warm Springs Correctional Facility?

 This is a security issue and for the publics personal safety. Prison inmates wear blue jeans that allow security guards to readily distinguish between inmates and the public.

Can we preview the horses available for adoption before the sale date?

 No, since this a prison facility horses cannot be viewed until the morning of the adoption.

Do I have to be present to adopt a wild horse? Can I send my friend?

 You must be present to adopt a wild horse. You cannot send a family member or a friend.

What is the average sale price of horses trained by prison inmates?

 Prices vary widely. The starting bid for any wild horse is \$150, and the bid can go as high as \$4,000. However, the average price is about \$800 to \$1,000 per animal. It really depends on how many people are interested in one particular animal and what they are looking for in an animal.

How much training do the horses actually have?

 These horses are green-broke which means they have received 60-90-120 days training by the prison inmates.
 These horses will continue to need daily training to reinforce the basics they have learned.

What are the facility requirements?

- broke, each horse should be kept in a pen no larger than 20' X 20' until the animal gets used to its new surroundings and you. The corral should be at least 5-feet high and of heavy duty construction using poles, pipes, or planks with at least 1½ inch thickness and without dangerous protrusions. Barbed wire and large-mesh-woven, stranded, and electric materials are unacceptable for fencing.
- You must also provide shelter from inclement weather and temperature extremes for your adopted wild horse. The shelter must have, at a minimum, two sides with a roof, good drainage, adequate ventilation, and access for the animal. Tarps are not acceptable.

Do I have to pick up the horse I adopt the day of the adoption?

 BLM prefers you take the horse home that day, but special arrangements can be made with the prison to pick up the animal in a couple of days. Also, horses will be loaded into stock-type trailers only (two horse trailers can not be used).

Can I get a refund or exchange my adopted horse for another in the future?

- No refunds, credits or exchanges will be approved. For more information on this policy, or about adopting a prisontrained horse, contact:
- Susie Stokke, BLM-Nevada State Office, (775) 861-6469
- Hank Curry, Nevada State Prison
 Department, (775) 720-8507 or Tim
 Bryant at (775) 887-9331

Bureau of Land Management Adoption Requirements at a Glance:

- Must be 18 years old. Parents or guardians may adopt and allow a younger family member to care for the animal.
- Have no prior conviction for inhumane treatment of animals or for violating the Wild Free-Roaming Horse and Burro Act.
- Have adequate feed, water and facilities (at least 400 square feet for each animal) to provide humane care for the number of animals requested.
- Provide a home for the animal in the United States until you receive Certificate of Title from the BLM.

What's a wild horse and what's an estray?

A wild horse, as defined by federal law, is an unbranded, unclaimed, free-roaming horse found on **public lands** in the United States. A 1971 Congressional Act gave the Department of the Interior's Bureau of Land Management the charge to manage, protect and control wild horses in order to ensure healthy herds and healthy rangelands.

A State of Nevada estray is a horse that lives on state lands under the jurisdiction of the State of Nevada Department of Agriculture and is managed through a consortium of agreements with established wildlife protection organizations and the State Department of Corrections and its Silver State Industries program. Most estrays are found in the Virginia City area.

About the Warm Springs Correctional Center program:

The gentling program in Carson City began in October 2000. It is a cooperative effort shared by Silver State Industries (the Nevada Department of Corrections industries program) and the Nevada Department of Agriculture. Originally the program trained only estrays, but through an agreement, inmates now also train BLM wild horses.
